

Fast Reports' Ecosystem for Delphi in 2023

Michael Philippenko

Fast Reports

Reporting must be Fast!

Single ecosystem for Delphi products

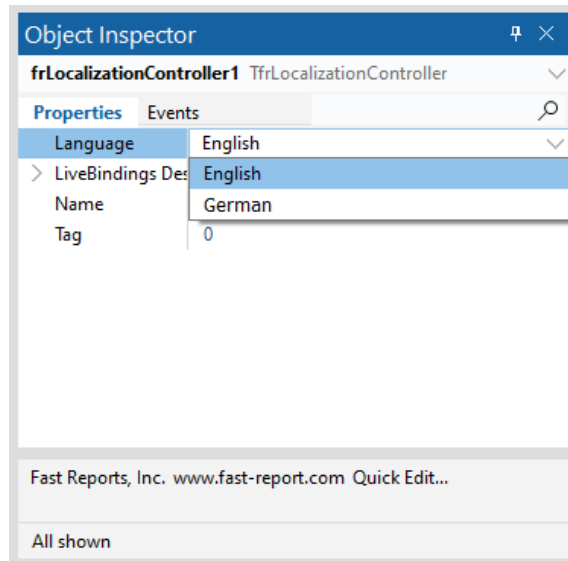

- One installation system with online authorization
- Shared release system
- Shared library for all products
- The Recompile utility has been removed. The functions of package rebuilding are now performed by the installer.

Fast Reports

Reporting must be Fast!

Core library

- Core, Core Graphics, and Core Localization packages
- Localization: Now it does not require rebuilding packages: it is enough to install language packs during installation, add the **TfrLocalizationController** component, and select the desired language.

FastReport VCL:

Style Table tool

- Select style table mode;
- Create new custom styles and color schemes that would fit your report;
- Change already created styles of report objects to your taste;
- Switch almost instantly between ready-made solutions.
